Basic Operations

N O T E	<p>Please check the following two items before using.</p> <p>a. Please make sure the SIM card data service has been activated.</p> <p>b. Please make sure the radio has been programmed with the activated platform account and the correct APN information. If not, please contact local dealer for assistance.</p>
----------------------------	---

1. Power on

- A. Insert the SIM card
- B. Pack the battery
- C. Turn the volume control clockwise to power on.

2. Power off

Turn the volume control anticlockwise to power off.

Caution : No removing battery directly to power off, otherwise it will lead to the data loss and the walkie-talkie damages.

3. Transmitting

Press the PTT button to transmit, keep away from microphone 5cm at least.

Exception & Talking Priority:

If there is an advanced user starts to talk when you are transmitting, you will be forced to exit the transmitting mode.

4. Receiving

The LED indicator lights blue, LCD screen displays the transmitter's name when it is receiving.
